From the Principal

I have received a lot of positive feedback about our Year 12 Graduation Ceremony held on Friday 25 October 2013.

Comments related to how well all students behaved – those graduating and those in the audience, how good the speeches were, particularly those of the students, about how numbers of boys received awards, modelling to other young boys about striving for excellence, about the quality of the musical items and the smooth running of the event. Others commented on the overwhelming sense of pride people had in seeing our graduates lined up around the hall for us to acknowledge and celebrate.

I think this event symbolises what matters to us here at Unley High School. We want every student to succeed and strive to excel. We want students to learn how to behave respectfully, express their opinions and be articulate and positive contributors to the world. We want to do the best we can and continually improve. We want our families to feel welcomed and be in partnership with us to support students to do the best they can.

Needless to say this event takes months of planning from a very dedicated team. My particular thanks goes to Kathy Ellis who is the event manager and to Sonya Parkin who does much of the administrative work. They work with and direct a large team of us to do our best.

Our Year 12 students are in the process of completing their Year 12 studies and we of course wish them all the very best. We are now in the process of planning our Year 8 to 11 Awards Ceremony on Friday 22 November 2013, which I am sure will be a very positive, community building event.  

Susan Cameron, Principal

Prior to applying to attend the National Convention, students, with their supervising teacher, attended the State Constitutional Student Convention. Approximately 90 students attended and were required to write in 500 words or less answering the following question, Discuss the proposition that Australia should recognise Indigenous Australians in the Constitution and how might this be best achieved.

We congratulate Jarryd on his achievement in being selected to represent South Australia.

Important Diary Dates

- November 22: Year 8-11 Awards Ceremony 9.00am - 10.30am
- November 23: UHS Quiz Night 6.30pm
- November 27: STUDENT FREE DAY Teacher Training & Development
LOTE News
Georgia McClements
Winner of a scholarship to study in China next year for six months and winner of the cultural performance section of the Hanyu Qiao competition.

I first chose to study Chinese back in 2009, or Year 8. I remember thinking it would be the best language to study as this Century is forecast to be the ‘Asian Century’, and learning it would provide me with countless opportunities. It has been a long and winding journey to where I am now, but all the hard work has paid off and I am already reaping the benefits. This year for the first time I decided to participate in the Hanyu Qiao competition. It is a Chinese proficiency competition for high school students who are non-background speakers. Around twenty students came from across Australia to compete at Bonython Hall at the University of Adelaide.

The competition consisted of three stages: a written test, a speech and a cultural performance. Everyone who participated received an award and two winners from each category were announced as well as one overall winner and an overall runner up. It was my first year in the competition so I really had no idea what to expect. I found the written test quite difficult in comparison to a school written test and the speech exceedingly nerve-wracking. These two were performed on a Thursday, with the cultural performance to be conducted the next day in front of a crowd of around two hundred. For the cultural performance I gave a tutorial on Chinese ink painting and for my efforts I won in this category.

The Hanyu Qiao competition was a great experience and enabled me to meet and make new friends with similar interests to me. It also helped me receive a scholarship to study at Shandong University in China for six months next year (2014). For these reasons I believe anyone studying Chinese at high school should participate as it provides great opportunities and experience to each and every participant, as well as memories to last forever and a great sense of achievement and recognition. I am very grateful for the help and support I have had over my five years studying Chinese at Unley High School. I especially would like to thank Ms Kathy Purvis, my Chinese teacher for the latter years, who has been inspirational and dedicated to helping me achieve my best and encouraging me to participate in such a competition, as well as other extraordinary experiences such as the Shanghai and Beijing Chinese study tour she organised last year (November/December, 2012). Reflecting upon my experiences learning Chinese, I would urge other students to learn a language as it provides many opportunities other subjects just cannot, and will become a very desirable and valuable skill which will be in high demand in the foreseeable future, if not already.

Georgia McClements, student

Year 8 - 11 Awards Ceremony

The dust has barely settled on the Year 12 Graduation Ceremony and planning is underway for the Year 8-11 Awards Ceremony which will be held in the George Cresswell Hall on Friday 22 November from 9.00am to approximately 10.30am. Everyone is welcome to attend this important occasion and prize winners and their families will receive personal invitations closer to the event.

This is a morning where students are acknowledged for their academic excellence, outstanding commitment to learning and general school life, school service and sport. Each year there are a series of special awards presented to students who have excelled in the area of leadership in various areas within the school and the local community.

Kathy Ellis, Deputy Principal
Home Economics News

Year 9 Food and Nutrition
The Year 9 students have worked hard in developing their skills to work collaboratively and individually in the kitchen. They have learned to watch demonstrations and use their iPads to record ingredients and to develop their own recipe methods, which they then use during their practical lessons. This allows the students to develop a range of recipes which are easily accessible for future use.

The students have had a great time working in the kitchen and it has been a pleasure to watch them problem solve and develop lifelong skills. These students will now embark on a new adventure during the sewing component of the course.

Year 10 Food and Nutrition
Over the last 13 weeks, Year 10 students have been working to develop their knowledge and understanding about nutrition and adolescence. This has involved looking at nutritional content of food, diet related conditions and the impact of eating habits and lifestyle choices.

Students are using this knowledge to develop their understanding about the nutritional needs of others by exploring food from developing nations. It has allowed them to broaden their understanding about different cooking methods from around the world while exploring a variety of new flavours.

Students now face the challenge of a group task which asks them to develop a dish based on a case study. This requires them to consider themselves in difficult conditions similar to that of a war torn nation which is limited in both cooking and food resources and to create a substantial meal. The students will complete this task in Week 4 this term.

Mariearma Ademosu, Home Economics Teacher
On Thursday 18 October 2013, the Year 12 Child Studies Class visited Mitcham Junior Primary School where they conducted a lesson with a group of Year 2 Students. The group task was planned prior to the visit and presented a range of activities with a theme appropriate to the learning needs of young children which was inclusive of gender and culture. The activities had to include an area of development such as physical, social, environmental, or cognitive, and the students had to run their lesson with the young students for 45 minutes. Students prepared a range of games, stories, outdoor activities, planting and decorating pots, mathematical card activities, and several groups used craft activities to demonstrate the learning that took place. They thoroughly enjoyed their interaction with the young students, who likewise appreciated the visit by the students from Unley High School.

Pictured are Courtney and Jaya making an ‘ant’ from paper plates after demonstrating to the children the meaning of antonyms. Claudia is showing one of the farm animals made to illustrate her story.

*Daphne White, Year 12 Child Studies Teacher*

**Arts News**

**Year 12 Visual Art & Design Exhibition**

Our Year 12 Visual Art & Design students have completed all aspects of their course. Congratulations to students who have worked many hours to complete final Practical work, Folios, Statements and their Visual Art Study.

To celebrate their work we invite these students, parents/caregivers, staff and friends to our annual Visual Art & Design Exhibition on Wednesday 20 November 2013 in the South Gallery area, Unley High School at 6:00pm.

We look forward to seeing you all here. *Terri Moore, Curator*
Science News

Oliphant Science Awards 2013

The annual South Australian Science Teachers Association Presentation Night was held at The Adelaide Festival Centre on Friday 20 September 2013. Students from Unley High School once again were very successful in a wide range of categories and were also awarded a number of special sponsor and prestigious prizes on the night.

First place in the Year 9/10 Computer Programming Robotics section went to James Swift from Year 9 for his project titled WEMS. (Wearable Environmental Measurement System). This involved the use of thermal infrared sensors attached to the arm to measure changes in temperature. James was awarded the Flinders University Science Prize 8-12 for his project and was named overall runner-up in the DECD Young Scientist Award 8-12. This is an amazing achievement for a student only in Year 9. In the past, James has shown his skills and interest in this area as he also won the Year 8 Computing Programming Robotics category in 2012.

First place in the Year 8 Crystal Category went to Mia Walker for her Potassium Alum crystal and report. Sophie Hercus and Viki Ntafillis also receive a Highly Commended Award for both their efforts. A new water bath installed at Unley High School helped these students achieve this success. We had a few operational problems with shrinking crystals due to the room heating system being up too high, but we managed to problem solve and easily grew the largest and clearest crystals on display. Well done and look out next year, that’s First Prize two years in a row in this category! Other schools want to know our secret.

Thomas Papaemmanouil and Jack Doley were second in the Year 8 Models & Inventions with a working remote controlled model hovercraft. This was constructed from a foam box and was controlled by a remote control system and a lot of fun to glide and collide for the less experienced operators.

In the Senior 11-12 section Ashley Chin was second place in the Scientific Inquiry category with her experiment titled “How Safe is Your Microwave”? This report also won Ashley the Australian Radiation Protection Society Prize and resulted in her being named third overall in the 2013 DECD Young Scientist Awards a fantastic effort and a very concerning report about the safety of microwave ovens in our homes and workplaces. Ashley’s report has also been nominated by SASTA to represent South Australia in the annual 2013 BHP Awards.

Mick Newman, Oliphant Science Coordinator
Term 4 has crept up on us all very quickly with two of our senior students preparing to leave high school. Melissa, in Year 13, is preparing for her final exam in Classical Studies, having completed all her other subjects. She is extremely excited about the prospects of further education at the University of Adelaide next year. Nicolas will be continuing with his IT TAFE course into next year, with some part-time work experience here at Unley High School helping Konrad Date in the IT Department. We wish both Melissa and Nicolas all the very best with their future endeavours.

Tina and Alice will both continue with their Stage 2 SACE subjects next year as Year 13 students. Liam, Callum and Charlie are continuing to do extremely well in Year 9, as is Ethan in Year 8.

On Wednesday 23 October 2013, students and staff attended a wonderful production called Sons & Mothers, by the Men’s Ensemble of No Strings Attached Theatre Company. It was an extraordinary performance by the cast of actors, who all have a disability, about the relationship each has with his mother. The intimate stories shared brought tears to most of the audience, clearly touching a cord with us all!

Jane Kettle, SSO Link Program

World Vision on 28 October 2013

Unley High School World Vision 40 hour famine participants raised $6,563.35 which is the highest amount raised since 2006. What a superb effort!

Special mention needs to go to nine students in particular for raising over $125 each:

- Chloe Saler 9815 $129.60
- Letisha Heintze 12334 $145
- Amy Kerr 11817 $150
- Sarah Jeisman 8505 $170
- Miriam Griffith 10131 $177
- Indiana Apostolopoulos 9705 $182.55
- Caterina Schinella 8517 $202.50
- Taelah Rowlands 9216 $265

A special mention goes to Cai O-Loughlin 9714 who raised $310.55, the highest amount throughout the student body.

We have helped feed almost 14 families (families of 6) for a whole year (a full 12 months!). That is a fantastic effort.

Jodi Quast, Christian Pastoral Support Worker

Thank you

Thank you to Debbie Bishop from the Flower House, 453 Fullarton Rd, Highgate for her kind donation of flowers which were displayed on stage and in the foyer for the Year 12 Graduation Ceremony.

Sonya Parkin, Front Office Manager

Canteen Thank you’s

Hello to all of our wonderful volunteers, thanks so much for your valued time over the past weeks. We really appreciate your help for the period 16 September to 25 October 2013.

UHS Quiz Night

Unley High School is holding a spectacular Quiz Night to raise funds. We warmly invite your family and friends to attend and take the opportunity to meet parents and staff of our wonderful school. Organise your own table of ten, or buy individual tickets and we will place you with other parents from your child’s/children’s year level/s.

To book your table, simply ring 8272 1455. We hope to see you there!

UNLEY HIGH SCHOOL

QUIZ NIGHT

Saturday 23rd November

George Cresswell Hall, Unley High School

6:30pm for 7:00pm start

$15 per person

Captains book a table of 10

Purchase tickets from Student Services or call the School

Don’t have a table of 10?
Don’t worry we can help with that!

BYO Food
Drinks available for purchase

FUN, GAMES bring lots of coins
Sport News

The summer sport season has recommenced since its start in Term 1. We once again have our two cricket teams (Year 8 and Year 9), two badminton teams (open A and open B) and two touch teams (junior and senior) competing on Saturday mornings. Hopefully all of those teams will have enjoyable seasons to finish up the year. Our mid-week sports (volleyball, basketball and indoor soccer) are continuing from their Term 3 start with all having great seasons with lots of wins and two more weeks of play before finals.

We have also had some more knockout teams competing this term, some with more success than others. Both our Year 8/9 boys and girls tennis teams were knocked out by very strong Henley High School teams, although our players displayed some fantastic tennis. For the first time we entered into the knockout table tennis competition where our Year 8/9 boys won a number of matches and were only knocked out in a final match against Mercedes by one game. Unfortunately our Year 8 basketball boys were also knocked out after winning two games but losing a third to Blackwood High School. The Blackwood team was very strong in club players but our boys played fantastic basketball forcing Blackwood to really fight for the win. In happier news we have both the Year 8 girls and Year 10 boys basketball teams through to the finals. Our Year 10 boys team won their final minor round game against Aberfoyle Park High School in a very nail biting game. We were down two of our starting players due to injury but a shot on the final buzzer gave us the win by two points. Also through to the finals are our Year 8/9 boys volleyball team who also played brilliantly in the minor rounds to get through. Our Year 8/9 girls softball team will start their minor rounds soon needing three wins to make it to the finals later in the term.

A number of students have participated in some sporting carnivals. Late last term we had a number of teams competing in the orienteering relay championships who all did really well. We only had a couple of scraps and wet sneakers at the finish line and our Year 10 girls team came third in their division which was a great achievement. This term some of our rowers competed in the Ekiden Relay with some fabulous individual results achieved (which can be read about in Rowing News). Four teams of Year 8 and 9 students played recently in a handball carnival with one boys team coming third in the boys competition and our two girls teams getting a third and first place. This brings the girls trophy back to Unley High School after a four year break at Blackwood High School. We will also have some Year 8/9 students taking part in a mixed softball carnival which should be fun as well as a boys super 8’s cricket day. Beach events this year will include volleyball and also a fun day of mixed sports such as touch, handball and frisbee.

Congratulations to the Year 12 students who won sports awards at their graduation. These students have represented Unley High School in many different sports throughout their time here with great sportsmanship. Particular congratulations to Aaron Jones and Alex Hall who were jointly awarded the Brownhill Creek Good Sportsman Award for participation and achievement in a variety of sports combined with an outstanding attitude on the sports field to set an example to our younger athletes.

Anna Henderson, Sport Coordinator
Rowing News

Woody’s Challenge Hill
To signify the beginning of the competitive rowing season, the Rowing Club held a family day at Woody’s Challenge Hill Obstacle Course. This was the first time the Rowing Club had held this particular event and I was more than a little pleased to see a large number of rowers, their families and coaches turn out for what proved to be a very enjoyable day.

Rowing embodies the principles of teamwork, cooperation, persistence, self-motivation and leadership, just to name a few. All of these qualities were seen to be on offer as rowers, aided with the support of their coaches and families negotiated the obstacle course with a sense of adventure and enjoyment.

Season Opening Regatta – 26/10/13
On Saturday the 26th of October the Rowing Club took part in the Season Opening Regatta, held on the Alex Ramsey Regatta Course at West Lakes. All Squads have been training very hard over the proceeding months and were keen to see where they stood in relation to their competition. UHS Rowing Club walked away with two first placings and a number of very close second and third finishes on the day. This all bodes well for what should be a very successful season to come.

Ekiden Relay
On the 18 September 2013 a team comprising six rowers and two talented runners took part in the Ekiden Relay. The Ekiden Relay comprises various distance, ranging between 5.4 km and 1km. The winning school is the team who completes the accumulated distance in the quickest time. Our boys were more than competitive, completing the accumulated distance of 19.1km in a time of 1hr 15mins, just 4mins off the winning time. Congratulations lads!

Josh Whitwell, Rowing Manager
Rowing News continued

The UHS Rowing Club is currently looking to purchase a new rowing boat. Our current fleet renewal and expansion project is designed to support the continued development of the Rowing Club. At present we operate one of the largest school rowing programs in the state and we need of your assistance to ensure we have the equipment to remain competitive, now, and in to the future. How can you help?

Just in time for the festive season, the UHS Rowing Club will be offering top class Adelaide Hills wines and bubbles at very competitive prices. All purchases made through Behind The Door Wine Merchants will see a substantial profit returned directly to the Rowing Club. Perfect for Christmas functions, or, that last minute gift!

Josh Whitwell, Rowing Manager

Aboriginal Parent and Caregiver Community Forum

SAAETCB ABORIGINAL PARENT & CAREGIVER COMMUNITY FORUM
THURSDAY 14TH NOVEMBER 2013

Aboriginal voices in education and training

Date: 14/11/13
Where:
Taikurrendi Children and Family Centre
8 Price Street Christies Beach
Time 9.15am —2.30pm
Start 9.30am
Aboriginal parents and care givers talking about our children’s schooling, education and training.

Phone: 82400 300
Fax: 82400 786
E-mail: hbromley@tauondi.org.au

The SAAETCB is the peak consultative body responsible for engaging with Aboriginal people and community in South Australia. Our focus is to represent the interests of Aboriginal South Australians at all levels of education and training, and to ensure that the Aboriginal community voice is present and respected when making decisions concerning all aspects of education that impact on the lives and welfare of Aboriginal South Australians. We meet with Aboriginal community to discuss emerging trends in Aboriginal education and training at a state and national level.

The aim of the meetings is to ensure that Aboriginal community are able to provide opinion, views and advice on education and training matters that impact on Aboriginal student, people and ultimately the wider Aboriginal community of South Australia. The SAAETCB is made up of parents from the state, catholic and independent school sector as well as experienced community members.

Contact Haydyn Bromley to register, hbromley@tauondi.org.au / 0455288331

New Pedestrian Countdown Timers
The department of Planning, Transport and Infrastructure will be installing pedestrian countdown timers at the pedestrian crossings on the Cross Road and West Terrace intersection.

The ‘green man’ is displayed to signal to pedestrians it is safe to cross the road and the same audio tactile signals for people with vision impairment will be retained. The ‘flashing red man’ is replaced by the yellow countdown timers.

The countdown timers better inform pedestrians about how many seconds they have left to safely cross the road before the red ‘don’t walk’ symbol is displayed.

The length of time for pedestrians to cross remains the same.

Installation of these new pedestrian countdown timers follows successful implementation at a number of locations in the city and suburbs.

Andrew Excell, Manager, Metropolitan Region Department of Planning, Transport and Infrastructure

### Dental Care for your Children

It is important for children to have strong, healthy teeth and gums. All children (0 – 17 years) are welcome to attend School Dental Service clinics. Dental treatment is free at School Dental Service clinics if Family Tax Benefit Part A is paid for your child, or your child is covered by a School Card, Health Care Card or Pensioner Concession Card.

The School Dental Service will bulk-bill under the new Medicare Child Dental Benefits Schedule that starts in 2014. Under this scheme, most children aged between 2-17 years will be eligible to claim up to $1000 of Dental services over 2 years.

If your child already attends a SA Dental Service clinic, contact us when their next appointment is due. If your child does not already attend one of our clinics, please phone us to make an appointment in 2014.

For more information contact your local clinic. Clinic list found at www.sadental.sa.gov.au
